

Requested Changes to HB-383.

House Environment and Transportation Committee

Sponsor By: Delegate Al Carr

Proposed By: Mike DeLorenzo President of NextCar Rental and Leasing

Mike@nextcar.com mobile phone 240-417-2001

**HB-383 Proposed Change #1** – Page 4 - Lines 10 -14

Add language to include stolen license plates in addition to stolen car. Stolen license plates are a much more common occurrence.

**HB-383 Proposed Change #2** – Page 4 - Lines 15-16

Eliminate requirement for a copy of police report. Most of the time it is the rental customer that reports the car stolen from them. We don't have a copy of the report – only have the number and jurisdiction.

It is too much of a burden to go get copies of police reports to provide to a police agency. Stolen property is easily researchable by law enforcement by doing a look up on the NCIC data base. If law enforcement suspects that the rental agency clerk is not truthful, they could do an inquiry on NCIC Data Base. Page 3 lines 18-20 asks to the alleged violator to accept the judgement of an agency employee so it would be reciprocal to expect the agency to accept the sworn statement of the rental car operator employee.

The requirements for a copy of police report could add weeks of delay to respond by a car rental operator. Requirements to obtain copies of police reports vary greatly by jurisdiction. Some jurisdictions require: certified checks or money orders, reports to be picked up in person, and cost \$14 to \$25. Car rental operators should simply be obligated under the penalties of perjury.

**HB-383 Proposed Change #3** – Throughout the bill.

Bill needs to be amended to eliminate the references to mail as the only method of notification. The delivery of information needs to be diversified to include **text, e-mail and postal mail**. Today everybody does everything with their cell phone. We should be able to pay for violations by digital means. Without extra fees by the way. The ticketing agencies would save a small fortune on postage and stationery by delivering notifications by digital means.

**Attachments** – attached are the back side of 4 red light camera tickets from 4 different jurisdictions in the state. I have highlighted the section on each ticket that allows the vehicle owner to “shift” the responsibility to pay for the ticket to the at fault person that was driving the car. Car rental companies should receive the same ability to “shift” as everyone else receives.

Delegates;

Thank You for your consideration of my proposals.

Sincerely

Mike DeLorenzo

## Traffic Control Signal Citation Notice

A vehicle, registered or leased to you, was photographed by an automatic camera connected to a traffic signal, that is only active when the light is red (not yellow or green). Vehicles crossing the stop line after the light has turned red are detected automatically and two photographs are taken. Superimposed on each photograph is the date, time, location, and time into the red signal when the violation occurred. An example of the superimposed data bar appears below.

This citation is not considered a "moving violation". It is a civil citation holding the registered owner or lessee responsible for the violation (similar to a parking ticket). **NO POINTS CAN BE ASSESSED FOR THIS VIOLATION AND IT WILL NOT RAISE YOUR INSURANCE RATES!**

If you fail to request a trial or pay the citation within the time allowed, this jurisdiction will notify the Motor Vehicle Administration (MVA) to place a flag against your vehicle record to prevent your registration from being renewed or transferred to another vehicle. The flagging fee is assessed for each flag imposed and must be paid to the MVA.

### PAYMENT OPTIONS
