CATHERINE KAHL ACTING DIRECTOR BILL: HOUSE BILL 89

POSITION: LETTER OF INFORMATION

EXPLANATION: This bill allows for a deduction of 90 days in advance from the inmate's term of confinement - per program completed - if the inmate successfully obtains an intermediate high academic certificate, a technical or vocational training program certificate, a state high school diploma, an associate degree or a bachelor's degree.

COMMENTS:

- The Department's Division of Correction (DOC) operates approximately 17 State correctional facilities which house offenders sentenced to incarceration for 18 months and longer. The Department also runs the Baltimore City Jail, which houses pretrial detainees and inmates sentenced to incarceration for 18 months and less.
- The Department of Labor provides correctional educational opportunities to inmates through programs offered at each State correctional institution, the Patuxent Institution and all pre-release units. The mission is to provide incarcerated individuals with high quality services that facilitate successful transition into Maryland's workforce and communities.
- Education has been linked to lower recidivism rates. A 2013 report from Rand Corporation determined "inmates that participate in academic and occupational training programs are 43 percent less likely to return to prison."
- In addition, research from the United States Department of Justice cites that prison education has profound and often-life changing benefits. It notes that there is a substantial reduction in violence, and disciplinary infractions in the correctional institutions.

- The Second Chance Pell Program supports postsecondary education programs for individuals in prison and affords inmates the opportunity to receive higher education certificates and degrees Four of Maryland's higher education institutions were awarded the Second Chance Pell Grant: Goucher College; Anne Arundel Community College; Wor-Wic Community College; and the University of Baltimore. With the recent expansion of the Second Chance Pell Program, the DOC is growing partnerships with more colleges throughout the State, including the University of Maryland Eastern Shore and Bowie State University.
- In December 2020, Congress passed a COVID-19 relief bill that included Pell restoration funding. With the recent expansion of the Second Chance Pell Program, the DOC is growing partnerships with more colleges throughout the State, including University of Maryland Eastern Shore and Bowie State University.
- More importantly, correctional education provides inmates returning to the community increased knowledge and skills and will assist the offender with maintaining sustainability in the community, thus lowering recidivism rates.

CONCLUSION: The Department of Public Safety and Correctional Services respectfully requests the Committee consider this information as it deliberates on House Bill 89.
