Baltimore, Maryland 21209

RE: Liquor License letter of Support

Dear Baltimore City, 41<sup>st</sup> District Delegation

Cross Keys Maintenance Corporation at the Village of Cross Keys is comprised of nine condominium associations along with the commercial entity of a hotel and the mixed-use development, which includes retail and offices at Village Square and the Quadrangle office complex. As the umbrella corporation with representation from each part of what comprises the Village of Cross Keys as a whole, we are in support of the request to obtain the liquor license for retail area of Village Square.

The Village is a gated community nestled on the former Baltimore Country Club Golf Course on the western edge of Roland Park and along Interstate 83. Commerce in Cross Keys is centered around shopping and social events occurring at Village Square. We support the liquor license bringing opportunities to continue to provide a relaxed atmosphere for not just local businesses and community member but the tourism and residents of the City's center, which is a mere 6 miles away.

As the housing market inside the beautiful Village of Cross Keys continues to thrive and the rebuilding of one of Baltimore's charmed communities continues to take shape, Cross Keys Maintenance Corporation's residential community unanimously supports the approval of the application for the umbrella liquor license.

Sincerely,

Cross Keys Maintenance Corporation

P.M. C.K.M.C.
