

Committee: Environment & Transportation

Testimony on: HB141 - Equity in Transportation Sector-Guidelines & Analyses

Organization: MLC Climate Justice Wing

Submitting: Diana Younts, Co-Chair

Position: Favorable

Hearing Date: January 27, 2022

Dear Mr. Chairman and Committee Members:

Thank you for allowing our testimony today. The MLC Climate Justice Wing, a statewide coalition of over 50 grassroots and professional organizations, urges you to vote favorably on HB141. This bill rectifies decades (really, centuries) of inequality in transportation access for black and brown communities by affirmatively requiring the State to make equity a primary goal in Maryland's Transportation Plan.

HB141 is necessary because although Title VI of the 1964 Civil Rights Act was supposed to guarantee equal access to public transportation, Maryland has not enforced it at the state level. Examples of race-based inequity are ample: from the cancellation of the Red Line to the fact that that the MTA service cuts in September 2020 placed the greatest burden on the routes servicing black communities, while there were no cuts in the airport or state highway administration and only minor temporary cuts proposed for the MARC commuter rail service with its 65-70% white ridership.

HB141 helps to fix these inequities by requiring a proactive and anticipatory approach to equity in transit and intermodal transit planning and by broadening participation by transit dependent communities.

It is time for Maryland to take this vital step forward in the fight against race-based transit policies. We support this bill and recommend a **FAVORABLE** report in committee.
