Elkridge, MD. 21075

Ref. HB0937

I am adamantly opposed to this bill. I do not want my tax dollars spent on the training of abortionists. We already have too many in Maryland as it is. Nor do I want to see others than OBGYN specialists permitted to do abortions. Too many women are already being harmed by the existing abortionists so why allow less educated and trained people to be involved in this practice? Carhart in his Bethesda location has already killed at least 2 women and harmed many others.
