

I STRONGLY OPPOSE HB 1084. This bill is all over the place, and includes multiple unrelated issues under the umbrella of "COVID-19 Response". This is foolishly written, and it should be withdrawn. This is how politicians try to pull one over on their constituents. Thanks to the ridiculous BBB bill that the federal government unsuccessfully tried to pass, we as a people are much wiser to the hidden, sneaky agendas slipped into bills like this one. UNFAVORABLE for HB 1084.
