

Committee: Senate Judicial Proceedings Committee

Bill: Senate Bill 676 – Firearm Safety - Storage Requirements and Youth

Suicide Prevention (Jaelynn's Law)

Hearing Date: March 15, 2022

Position: Support

The Maryland Nurses Association (MNA) supports Senate Bill 676 – Firearm Safety - Storage Requirements and Youth Suicide Prevention (Jaelynn's Law). This bill will help reduce youth suicide and other firearm deaths by ensuring that firearms are stored in a way that is inaccessible to children.

Access to firearms is a significant risk factor for adolescent suicides.ⁱ Nationally, between 2015 and 2016, a firearm has been involved in 40% of the over 2,000 annual youth suicides.ⁱⁱ Extensive evidence shows that access to firearms increases the likelihood of death by suicide among youth:

- When a home contains unlocked guns the odds of a child or adolescent dying by firearm suicide is more than **twice** as high as in households where guns are locked.ⁱⁱⁱ
- The risk of suicide by gun is more than twice as high in households with loaded guns, as compared to households with unloaded guns.

This legislation takes a commonsense approach by codifying best practice for safe firearm storage for adults around youth. We can save lives of our most vulnerable youth with this legislation. We ask for a favorable report on this legislation. If we can provide additional information, please contact Scott Tiffin at stiffin@policypartners.net.
