

Judiciary - Senate Bill 286 - FAVORABLE

Perhaps you think that only people on the "right" are gun owners. Actually, many on the left (especially far-left) are gun owners as well. We're the same people who came out in favor of medical cannabis (we call it "medical marijuana") before most people did. I've personally been pushing for medical cannabis since the 1990s.

While I don't currently hold, or plan to hold, a medical marijuana card, it's altogether possible that I'll need one in the future - especially given my family's medical history. I believe that I - and others - should have the right to both medical care and gun ownership.

Please give SB286 a Favorable Report.

Thank you for your consideration.

Sincerely,
