

I am writing **IN SUPPORT** of HB0618 – Maryland Parental Rights Act on behalf of Maryland Parents everywhere!

“The rights of parents to the care, custody and nurture of their children is of such character that it cannot be denied without violating those fundamental principles of liberty and justice which lie at the base of all our civil and political institutions, and such right is a fundamental right protected by this amendment (first) and Amendments 5, 9, and 14. **Doe v. Irwin 441 F Supp 1247; U.S. D.C. of Michigan, (1985)**”

The Constitution of the United States clearly supports the family unit as the foundation upon which a strong society is built. If we are to remain free and prosperous as a nation, we must maintain and protect the rights of mothers and fathers to be the primary influence in their children’s lives. Families need tools and resources to help them defend these cardinal rights – and this bill is a start to do that here in Maryland.

Now more than ever, we need to default to the visionary writers of the Constitution, and reignite hearts and minds to the truth that liberty and justice are imparted to our society as a whole when the rights of parents are protected.

Please SUPPORT HB0618 as the right to parent is for the parent, not the government.
