**Senate Bill 310**

**Small, Minority, and Women-Owned Businesses Account - Local  
State of Emergency**

**House Ways and Means Committee**

**Position: FAVORABLE**

Anne Arundel County **SUPPORTS** Senate Bill 310 - Small, Minority, and Women-Owned Businesses Account - Local State of Emergency. As amended, Senate Bill 310 expands the eligible uses of the Small, Minority, and Women-Owned Businesses Account to include the provision of grants and the conversion of certain loan amounts into grants in Anne Arundel County and the City of Annapolis when a local state of emergency is declared.

On September 1, 2021, Tropical Depression Ida hit Anne Arundel County and significantly impacted over one hundred homes and twenty-five businesses. Multiple commercial properties were destroyed, and business owners returned to their properties to find collapsed walls and roofs. We declared a local state of emergency in Anne Arundel County the next day, September 2, 2021, to allow us to deploy the resources our communities needed.

The State of Maryland worked with us to help ensure our residents and businesses could recover from this storm, and we worked together to submit a major disaster declaration for the State of Maryland through the Federal Emergency Management Agency (FEMA). However, on October 8, 2021, over a month after we had declared a local state of emergency, FEMA denied the requested major disaster declaration for the State of Maryland.

With this denial, Anne Arundel County could only look to the State to provide the financial relief our residents and businesses needed to recover from the storm damages. We sent a letter requesting assistance through the VLT Fund's Small, Minority, and Women-Owned Business Account and the Department of Housing and Community Development's disaster relief programs. While the State made \$4 million in funding available through the Department of Housing and Community Development, without a State or Federal declaration the businesses could not benefit from the VLT fund to make repairs and prevent further economic loss.

SB 310 would make grant funding available to our local businesses and nonprofit organizations once a local state of emergency is declared, preventing a delay like this from happening again, and ensuring that our residents have the funding they need to recover from an emergency as soon as possible.

For all of these reasons, I respectfully request a **FAVORABLE** report on Senate Bill 310.

Stuart Pittman  
County Executive
