

House Bill 1050 – Access to Counsel in Evictions – Funding

Position: Support

The Maryland REALTORS® supports HB 1050 which removes the sunset for funding for the Maryland Legal Service Corporation.

The Maryland REALTORS® supported the original funding set aside for access to counsel and now supports HB 1050 which makes this funding permanent. The REALTORS® believe the general appropriation makes more sense than increasing court filing fees which impact housing affordability.

The REALTORS® recommend a favorable report.
