Testimony of the Maryland Horse Council on HB 102

Real Property – Actions for Possession – Pet Protections

**FAVORABLE WITH AMENDMENT**

---

The Maryland Horse Council (MHC) is a membership-based trade association that represents the state-wide horse industry in Maryland. Our members include horse farms; horse related businesses; equestrian competitors; trainers; individual enthusiasts; equine-assisted therapy programs; and breed, interest, and discipline associations. We represent over 30,000 Marylanders who make their living with horses, or who just own and love them.

MHC applauds the legislative intent behind HB 102 and welcomes additional protections for Maryland's dogs and cats. Many horse owners are also dog lovers, and many horse barns are occupied by beloved barn cats.

We are concerned, however, that HB 102 as written does not extend the residential eviction protections to equines. Many private equine owners live on leased properties and keep their equines with them on that leased property. These properties are often small farmettes, 5 acres or fewer in size, and are the primary residences of the equine's owners. When tenants are evicted from these types of properties, their equines face the same risks as dogs or cats.

MHC supports amending HB 102 to include "equine livestock" as well as dogs and cats. We suggest the following amendments:
