

Dear Senator Griffith and Members of the Finance Committee,

This testimony is being submitted by Showing Up for Racial Justice Baltimore, a group of individuals working to move white folks as part of a multi-racial movement for equity and racial justice in Baltimore City, Baltimore County, and Howard County. We are also working in collaboration with CASA.. I am a resident of District 46 and **I am testifying in support of passing SB0365, the Access to Care Act, with amendments.** This bill:

- Opens up the MD Health Benefits Exchange (ACA Coverage) to all Marylanders who meet the regular ACA eligibility, regardless of their immigration status
- Establishes a State Subsidy Program to ensure newly covered individuals have the funding to receive care
- Requires the state to submit a state innovation waiver (under 1332 of the Affordable Care Act) to allow MD to make this change to eligibility.
- Provides (as amended) that any newly qualified set of individuals get the same subsidy as anyone who is currently covered.

Unfortunately, over 275,000 undocumented immigrants in Maryland are ineligible for care through the Maryland Health Exchange. The Access to Care Act would open the Maryland Health Benefit Exchange to all Marylanders who meet the regular ACA eligibility, regardless of their immigrant status. The amendment being proposed would ensure that persons newly covered by the Act would be subsidized at the same rate as all other persons covered by the ACA.

Our state and communities become stronger and more resilient when we expand health care coverage. Benefits of expanded coverage include:

- Increased access to primary care physicians that results in earlier detection of health problems and more stable long-term management of chronic diseases; this decreases the number of people who die at earlier ages from preventable causes.
- Greater access to primary care clinics and medical practices that results in reduced use of emergency departments (ED); this decreases the number seeking care at EDs and reduces the cost of ED care for all of us.

Everyone should be able to get health care, and the Health Benefit Exchange should be accessible to all Maryland residents. It is for these reasons that I am encouraging you to vote **in support of passing SB0365 (Access to Care Act) with amendments.**

Thank you for your time, service, and consideration.

Sincerely,

Lindsay Keipper
