

UNFAVORABLE SB0840 Senator Kramer
Public Safety - Protecting Against Hate Crimes Grant Fund - Establishment

Dear Delegates of House Judiciary~

I testified on this bill in the Senate. This bill is a slush fund for those who routinely apply for such bills while not addressing the gross amount of crime, lawlessness and coarseness in Maryland as a whole.

Montgomery County crime is skyrocketing, along with illegal immigration, and widespread refusal by authorities to address crime affecting average citizens. Senator Benjamin Kramer and his jewish advocates bring this bill SB0840 & highlighted during testimony of this and - indeed - his entire (what-he-called a) “package” of bills this Session are overt claims of a second, more concentrated level of justice for his jewish constituents. While the funds offered by such a bill would be extended to other constituents as politically-expedient, the words/tribe mentioned in all of these hearings this Session are unlike anything I’ve witnessed in a decade of interaction with Annapolis.

Law enforcement is charged with this protection. It is a second, dishonest level of policing this bill creates a la the Johns Hopkins police force.

We are ALL Marylanders and we ALL deserve police protection – not just jews and those who are made aware of funding.

humbly offered
~vince
