

To Whom It May Concern,

Hi, I'm Anthony Panowitz, a Retired Police Officer from The Maryland Transportation Authority Police Department. I began my Career in June 1985. I was told once vested in my 5 years of State Service that I would retain my Benefits such as Pension, Prescription, Medical, Dental, and Life Insurance through the state of MD. As long, as I never canceled these plans for the rest of my life. I shouldn't have this worry on my hands to fight for this right to keep my Current Prescription Plan Benefit after being Loyal and retiring in Good Service after my years of Service. Thinking now that I may have to do without necessities for Prescriptions. Be exposed to the full price of prescriptions that have steadily increased over the past few years. I'm not asking for anything free. I've paid my dues and my share of costs, unlike illegals who are being given everything free. How fair is that? It seems what is right is wrong and what is wrong is right now. I'm on a fixed income. I've worked all these years for my rights, I've been a model citizen, and have no criminal past. I'm only asking to retain what was promised to me and what I worked for.

Thank You,

Anthony Panowitz
