Choice & control of my DDA services matter to me!

Thank you for the Self-Direction Act of 2022!

My DDA IFDGS funding helps me to ...

- Hire a Day-to-Day Administrator to manage my services once my Mom & Dad can no longer assist. Both are in their middle 70s.
- Hire a Community Builder to help me with peer relationships and learning skills which allow me to continue to live on my own.
- Hire vendor to help me keep mentally and physically healthy with weekly workouts.
