2024 SESSION POSITION PAPER

BILL NO.: HB 1277 – Security Guards – Use of Force Reporting – Health Care–Related Physical Interventions
COMMITTEE: Economic Matters
POSITION: Letter of Information

TITLE: Security Guards – Use of Force Reporting – Health Care–Related Physical Interventions

POSITION & RATIONALE:

The Maryland Board of Physicians (the Board) is submitting a letter of information for House Bill (HB) 1277 – Security Guards – Use of Force Reporting – Health Care–Related Physical Interventions.

HB 1277 authorizes that health care-related interventions be performed on the premises of a health care facility. The bill further states that the interventions be under the direction of a “doctor” or nurse and be performed during the “doctor’s or nurse’s employment”. The Board would like to clarify the term “doctor” as stated on page 2, lines 1 and 2. The term “doctor,” as referenced in the bill, is not clearly defined and could be misconstrued to cover a wide range of individuals. The Board of Physicians itself licenses medical doctors, naturopathic doctors, doctors of osteopathic medicine, etc.

A physician, as defined in Health Occupations §14–101, is an individual who practices medicine. The Board believes that as the bill is written, changing the term “doctor” to “physician” would further clarify and bring understanding to the information presented in the bill.

Thank you for your consideration.
