

SB0515 is a slippery slope of **BAD Bills** and **What could go wrong?** In a time when public trust in elections is at an all time low, why create more distrust? SAY NO TO this bad bill and a very bad idea.

“Public trust in the federal government, which has been low for decades, has returned to near record lows following a modest uptick in 2020 and 2021. Currently, fewer than two-in-ten Americans say they trust the government in Washington to do what is right “just about always” (1%) or “most of the time” (15%). This is among the lowest trust measures in nearly seven decades of polling. Last year, 20% said they trusted the government just about always or most of the time.” PEW Research, Sept 2023
