

SB0605 is another bad bill that does not promote voter confidence in our elections. This is NO way to verify a person's legal ability to be a verified voter, this is a completely unreliable and bad process and could be manipulated, SAY NO to it.

“Public trust in the federal government, which has been low for decades, has returned to near record lows following a modest uptick in 2020 and 2021. Currently, fewer than two-in-ten Americans say they trust the government in Washington to do what is right “just about always” (1%) or “most of the time” (15%). This is among the lowest trust measures in nearly seven decades of polling. Last year, 20% said they trusted the government just about always or most of the time.” PEW Research, Sept 2023
