

As a child many years ago I lived in what is now named Rosemont and walked in Gwynns Falls Park. I liked the drive through the park on Franklinton Road. When Leakin Park opened, I enjoyed picnics at the northern part and in the Winans area. Although I am a County resident, I still spend a lot of time in Leakin. It is disheartening to see the condition of the trails, the overgrowth of vines, and the trash. I definitely support the goal of Bill 1358 to establish this neglected City Park as a State Park. Please support Bill 1358.
