**Senate Bill 353 – SUPPORT
Senate Bill 353 – Environment
Senate Committee on Environment and Transportation
Cox Creek Citizens Oversight Committee - Membership**

My name is Brooke Hurman. I live in the community of Stoney Beach in Northern Anne Arundel County.

I have lived in this community for 4 years, and in the area for 13 years. My family and I spend much of our free time on the water, kayaking, swimming, and just simply enjoying the natural treasures that we are privileged to be able to access. The water is important to us, and it is important to me that the water be safe for my child, my pets, and my family to use. Having someone from our community available to represent this shared interest is critical.

It is important that the Cox Creek Dredge Containment Management Facility (DMCF) Citizens Oversight Committee contains representation from most impacted waterway communities and is updated to include citizen representation from Stoney Beach and Riviera Beach. I support Senate Bill 353 to be moved into legislation.

Sincerely,
Brooke Hurman
Stoney Beach
