

Bernard C. 'Jack' Young
Former Mayor Baltimore City
934 N. Central Avenue
Baltimore, Maryland 21202

Dear Hon. Delegate Addison

I'm sending this letter of support for HB 332. The increase of Virginia Tags in the Streets of Baltimore is a great concern of mine and of the drivers in Baltimore that are paying the highest insurance premiums in the state. There are many of these cars driving the streets of Baltimore that cause accidents that results in hit and runs because most of them have no insurance.

The State of Maryland law requires your vehicle to be insured at all times, including when getting a new registration or transferring from another state. Further more proof of Virginia residency is required to register a vehicle in Virginia and that includes two forms of proof such as a signed lease, mortgage statement or deed. I firmly believe that the safety of the citizens of not only Baltimore but the entire state of Maryland simply because those vehicles haven't been properly inspected in Maryland.

Those business entities that are advertising that they can provide Virginia license plate services should be investigated and made to cease their operations. I can go on and on about this issue but I'll stop right here.

Hon. Delegate Addison thank you for taking the lead on this bill and I encourage all of the Delegates to join you in sponsoring this important legislation. If you need any further information please don't hesitate to contact me at bernard0620@gmail.com or by calling me at 4433715728
