

HB0686

FAVORABLE

Dear Committee Members:

I am in favor of this bill. The Covid injections have resulted in many young athletes having heart attacks and sustaining heart damage. Pfizer's own court-released documents show that Pfizer knew in May of 2021 that 35 minors sustained heart damage within a week after the injection. No wonder they wanted to withhold the Pfizer documents for 75 years. Please support HB0686 as it may save lives of those damaged by this experimental injection.
