

To whom it may concern,

I am writing to express the strongest possible support for HB 380. Maryland is in need of more emergency medical technicians. Allowing hard working, caring immigrants who may lack certain documentation to fulfill this need is a moral imperative. We can save lives and welcome immigrants who want to contribute at the same time. Saving a life is a great Jewish value but you don't need to be Jewish to support this bill. This is a win, win – for patients, for workers, for communities, for all of us.

Once again I am strongly in support of this bill. Thank You for your consideration of this very important bill.

Thank you for supporting this bill,

Rabbi Aviva Rain Zohav
