

**Letter of Information****Information Technology – Modernization of Information Technology Projects – SB982*****House Health and Government Operations Committee***

We would like to thank Senator Hester for bringing this important bill forward for consideration.

The Comptroller's Office appreciated the opportunity to work with sponsors on this important initiative. We are especially grateful for the sponsors' willingness to assist with amendments to make this legislation more effective from an operational standpoint. Our office stands ready to serve in any way we are asked to assist.

As always, the Comptroller's Office is willing and available to discuss these concerns or any questions you may have at your convenience. Please contact Justin Hayes, Director of State Affairs at [jhayes@marylandtaxes.gov](mailto:jhayes@marylandtaxes.gov) or 410-260-7696.
