

SJ0002 – UNFavorable

Nelda Fink

MD District 32

UNFavorable.

Since I don't know all the details of US resolution 77 and since you don't provide all those details, I'm not in favor of this bill. We have seen enough of our federal dollars hemorrhage out of our pockets and go to other UN interests as aid. If there is no money associated with this Resolution 77, then you should state that in the bill if you want others to support it.

I ask for an unfavorable report until more information is provided to the citizens of Maryland.

Thank you.
