

HJ0001 – UNFavorable UNCONSTITUTIONAL

Nelda Fink

MD District 32

UNFavorable UNCONSTITUTIONAL.

The Constitution already covers equal rights in the first amendment. Any new amendment would be contradictory to that amendment. If Mr Biden were to actually read the Constitution he is contracted and obligated to follow he might realize this. But since his cognizant awareness is under question, I doubt he would even understand it. To vote in favor of something a man who has already been deemed incompetent is dangerous at least, and suicidal at the most for our country.

Even if Mr Biden had his wits about him, any amendment of equal rights would be UNCONSTITUTIONAL because it would conflict with the first amendment.

I ask for an unfavorable report as this bill supports other UNCONSTITUTIONAL legislation.

Thank you.
