Senate Bill 11

Criminal Procedure - Partial Expungement

Support

NCADD-Maryland strongly supports Senate Bill 11. NCADD-Maryland has long advocated for policies that help people involved with the criminal justice system avoid some of the unintended collateral damage caused by our drug policies. When people who struggle with substance use disorders get treatment and start the recovery process, criminal records are often huge barriers to success. Obtaining employment and housing is difficult, and sometimes impossible. Without a place to live or a reliable income, some people are much more likely to re-offend and/or return to alcohol and drug use.

Senate Bill 11 will allow people who have more than one charge or conviction to have each evaluated and processed on its own in attempts to expunge them from a person's record. Treating the charges or convictions individually may allow some people to reduce the number of items on their records, reducing the discrimination that so often follows those who have been incarcerated.

These kinds of policy changes are a necessary component to significantly improving our communities. When people have served their time, they should have the opportunities and supports needed to ensure they are able maintain productive lives and livelihoods with their families. Removing some of the barriers to success will also help people with substance use disorders maintain their recovery.

We urge your support of Senate Bill 11.
