

HB1181 is WOKE brainwashing to promote hate and division.
WE live in a country that all ARE ALREADY created equally. EQUAL equals ALL.
There is no such thing as a 'hate crime'.

Civil government has NO jurisdiction over the thoughts of people. Civil government only has jurisdiction over the actions of men, not their thoughts. Therefore once again, there is no such thing as a hate crime.

SAY NO to this nonsense, it will only bring more negativity and suffering.
