SUPPORT – HB0070
Criminal Law - Public Safety - Interference with a Public Safety
Answering Point

Maryland Department of Emergency Management
Judiciary Committee
Hearing Date: 23 JAN 2024

Delegate Luke Clippinger
Judiciary Committee
Room 101
House Office Building
Annapolis, Maryland 21401

Chairman Clippinger,

The Maryland Department of Emergency Management (MDEM) writes today in support of HB0070 - Interference with a Public Safety Answering Point.

HB0070 is a crucial step toward protecting access to critical emergency services for Maryland residents. This bill will criminalize actions taken intentionally to disrupt the operations of Maryland's Public Safety Answering Points (also known as 9-1-1 Centers), the universal access point to emergency services. The Maryland Department of Emergency Management, home to the Maryland 9-1-1 Board, recognizes the importance of this bill and we respectfully request a favorable report.

Public Safety Answering Points are critical in the chain of public safety response in Maryland. The current statute specifies penalties for interference with other critical services including State government, public utilities, healthcare facilities and public schools. Public Safety Answering Points should be added to this statute to ensure any individual seeking to disrupt
