

HOD - Judiciary

Dear Delegate,

Please vote AGAINST SB0488. It's just another way to let criminals OFF THE HOOK and destroy businesses which are legal under the Constitution and to prevent law-abiding citizens to be able to protect themselves which is legal under the Constitution.

Are you aware of a recent ruling by an Obama-appointed judge **granted illegals the ability to carry guns?**

See [Illegal Immigrants Can Carry Guns, Obama-Appointed Judge Rules](https://thefederalist.com/2024/03/19/illegal-immigrants-can-carry-guns-obama-appointed-judge-rules/)

Does the Attorney General and those who attend matters in courthouses WANT to be protected by sheriffs who have LEGAL weapons? Does the Attorney General WANT to crack down on ILLEGAL guns? **How about ILLEGALS *with* ILLEGAL GUNS?**

**By destroying those who manufacture guns through lawfare, our country will be on the verge of being taken over by those WITH ILLEGAL weapons, including squatters who will be DELIGHTED TO SQUAT on houses.**

## Did you hear about this video about squatting?

### FROM STORY:

The Venezuelan immigrant who went viral on TikTok for explaining how to exploit squatter's rights has been banned.

In an old video that **resurfaced** last week, Leonel Moreno, who goes by the username "Capichi," **advised** his nearly 5 million followers to invade vacant homes in the U.S.

## TikToker goes viral explaining how illegal immigrants can take advantage...

Nikolas Lanum

A Venezuelan man has posted a now-viral TikTok explaining how illegal immigrants can invoke squatters' rights an...

“My people, I’ve thought about invading a house in the United States because I’ve learned that there is a law that says that if a house is not inhabited, we can seize it,” he said in the video.

The video was viewed over 4 million times before Moreno’s TikTok account was deleted.

Does a burglar get off the hook because the house he entered was just *too tempting* or the carjacker get off the hook because he just wanted to see what driving a Tesla was like?

Who should be held responsible for committing crimes with knives? The knife industry? Who should be put in prison for murder if they poison someone with illegal fentanyl? (Yes, the criminal ***and the*** CRIMINAL CARTEL.) Who should be put in prison strangling someone with their hands? Their mother and father?

How about ALL who COMMITTED the crime, THOSE people who committed the ACT with malice, forethought, etc.?

However, **the manufacturer of an inanimate object** cannot be held liable for those who USE that object to commit a crime -- whether the person had legal or illegal possession of the so-called weapon -- whether it's a knife, a rope, a candlestick, a pencil, a poisonous ingredient, etc. ***IF the manufacturer was able to LEGALLY manufacture these items.*** Please play the CLUE game to reconsider this legislation.

What rights do Maryland residents have under the Constitution to buy and sell items which are legal under the Constitution as well as protect themselves?

The majority of those who commit crimes with guns are committed by those in possession of **ILLEGAL** guns. The laws the General Assembly passed in 2021 helped aid and abet criminals as police were effectively handcuffed from doing their jobs as well as setting a horrible example for prosecutors to put criminals BACK on the street without criminals being penalized.

Did you by any chance see the story about a recently released convict who immediately after leaving prison carjacked a car carrier full of Corvettes saying he didn't have transportation to get home? A quote from the story: ***Once the police arrested Walker, he claimed that stealing the Corvettes wasn't the reason he hijacked the truck. Instead, according to Fox 10 Phoenix , his reasoning was that he had just been released from prison and needed a ride home.***

A car carrier hauling 10 C8 Corvettes, with an estimated \$1.25 million dollar value, was stolen and then recovered.
