Requesting a Favorable Vote for HB 0047 Fairness In Girls' Sports Act

PLEASE DEFINE SPORTS ELIGIBILITY BY THE BIOLOGY OF THE INDIVIDUALS.

- After Title IX was passed, girls' sports flourished for the first time.
- Biological males take scholarships, spots on the teams and records that should belong to the biological girls. In some cases it has proven to be dangerous for the girls.
- Create a path for transgender athletes, just as Title IX gave women and girls a place in the world of sports. Give transgender boys their own leagues – Local, state and country-wide.

PLEASE PROTECT OUR GIRLS AND WOMEN IN SPORTS and LIMIT all GIRLS SPORTS TO BIOLOGICAL FEMALE ATHLETES.
