

Testimony Against SB0271

Please vote against SB0271.

I believe the appeal process for public officials who do not want their buildings to be used as an early voting center is much too long (at least 8 months per Section 10-301.1 (e)(3)(II)(3) on page 3, lines 9-11).

This would make the task of the local boards of election that much harder to find suitable locations in time for the State Board to approve them.
