

**FREDERICK COUNTY GOVERNMENT**  
**DIVISION OF ENERGY & ENVIRONMENT**

Jessica Fitzwater  
*County Executive*

*Shannon Moore, Director*

**HB0220/SB0010 – Renewable Energy Portfolio Standard – Eligible Sources – Alterations  
(Reclaim Renewable Energy Act of 2025)**

**DATE:** February 18, 2025  
**COMMITTEE:** House Economic Matters Committee  
**POSITION:** Favorable  
**FROM:** Shannon Moore, Director, Division of Energy and Environment

Thank you for your consideration of HB220/SB10 – Renewable Energy Portfolio Standard - Eligible Sources - Alterations (Reclaim Renewable Energy Act of 2025). As the Director of the Division of Energy and Environment in Frederick County, I urge the committee to give this bill a favorable report.

Currently, the State's Tier I Renewable Portfolio Standard program subsidizes pollution to include particulates and ground level ozone precursors. These emissions, in turn, create environmental justice concerns for populations with asthma and lung disease. Therefore, alterations of this program have the opportunity to facilitate the intended purpose of the program which is to reduce carbon dioxide equivalent emissions and increase carbon neutral energy sources.

For these reasons, Frederick County is in support of HB220/SB10 – Reclaim Renewable Energy Act. Thank you for your consideration. On behalf of Frederick County Government, I urge a favorable report.

Respectfully,

Shannon Moore  
Director  
Division of Energy and Environment  
Frederick County Government  
30 N. Market St., Frederick, MD 21701
