

Maryland Residents Support the Maryland Bottle Bill!

The undersigned Maryland Residents are writing to express my strong support of the Maryland Beverage Container Recycling Refund and Litter Reduction Program ([HB232/SB346](#)), also known as the Maryland Bottle Bill.

I strongly believe that adopting this legislation will reduce the amount of litter ending up in our rivers, streams, and the Chesapeake Bay. Since 2014, Mr. Trash Wheel has collected 2.1 million plastic bottles from the Baltimore Harbor. It's time to put him on a diet!

The Maryland Bottle Bill will introduce a deposit-return system for beverage containers, including plastic bottles, aluminum cans, and glass bottles. This system has been proven effective in other states at reducing litter, promoting recycling, and conserving resources. By placing a monetary deposit on beverage containers, consumers are incentivized to return them for recycling, thereby reducing waste in our streets, parks, and waterways.

Not only does the Maryland Bottle Bill have environmental benefits, but it also has economic advantages. Implementing a deposit-return system would create jobs in recycling and waste management industries, stimulate local economies, and reduce costs associated with litter cleanup and landfill disposal.

Furthermore, this legislation aligns with Maryland's commitment to environmental stewardship and Chesapeake Bay restoration. By supporting the Maryland Bottle Bill, the State would demonstrate its dedication to preserving natural resources, reducing pollution, and combating climate change.

I urge you to carefully consider the benefits of the Maryland Bottle Bill and to take decisive action to support its implementation. Let us work together to create a cleaner, greener, and more sustainable future for our State and for generations to come. Thank you for your attention to this matter. I look forward to seeing Maryland continue to lead the nation in environmental innovation and waste reduction.

Signed,
