

Written Testimony for **SB 828**: Immigration Enforcement - Sensitive Locations - Access, Guidance, and Policies (Protecting Sensitive Locations Act) - Please **VOTE NO** on this bill.

Dear Judiciary Committee:

Please **VOTE NO** on SB 828.

SB 828 goes directly against President Trump's EO regarding illegal immigrants in our country. And our LEOs are going to be the ones who suffer for it. I do not want illegal immigrant criminals near my home and places that I frequent with my family, including public schools, public libraries or health care facilities. Since foreign immigrants entered our country illegally, we have seen an increase in crime, especially in violent crime and rape and sexual assault, an increase in drugs, especially Fentanyl, and an increase in Fentanyl related deaths, just to name a few of the negative effects. I'm not against all immigration. I have friends whose families have immigrated legally to this country. I simply want illegal immigrant criminals removed from our country and returned to their country of origin. They have committed a crime by entering our country illegally and should be returned to their countries of origin. All immigrants should come here legally so that our government can vet them and make sure to keep all Americans safe from foreign criminals.

Please **VOTE NO** on this bill.

Thank you.

Respectfully,

Trudy Tibbals
