BILL: SB 343 – State’s Attorneys – Reconstitution of Task Force to Study Transparency Standards for State’s Attorneys

FROM: Hannibal Kemerer, Chief of Staff, Maryland Office of the Public Defender

POSITION: Favorable

DATE: March 25, 2025

---

The Office of Public Defender urges this Committee to issue a favorable report on Senate Bill 343. Maryland’s criminal legal system suffers from racial and jurisdictional disparities at every level, from arrests and charging decisions to sentencing and parole outcomes. Geographic differences also deepen these inequities, as practices related to arrests, charging, pretrial detention policies, and evidentiary procedures vary significantly among counties. These disparities underscore the urgent need for legislative reforms to foster equity and transparency.

We agree with the Maryland Equitable Justice Collaboration that “[a]ddressing inequities in Maryland’s criminal legal system requires a foundation of transparency and detailed data tracking.” Senate Bill 343 facilitates informed policymaking by emphasizing data-driven solutions. This bill enables the systematic analysis of disparities in arrests, charging decisions, and sentencing, while supporting the development of targeted interventions to address the disproportionate impact on communities of color.

It is our hope that the reconstituted Task Force, *with an OPD designee among its members*, can ensure these efforts remain collaborative, evidence-based, and oriented toward achieving transparency in prosecutorial practices.

The Office of Public Defender urges a favorable report on Senate Bill 343. Passage would constitute one step toward addressing long-standing inequities in Maryland’s criminal legal system.
