**TESTIMONY ON SB#0828 - POSITION: FAVORABLE WITH AMENDMENTS
Immigration Enforcement - Sensitive Locations - Guidelines and Policies (Protecting
Sensitive Locations Act)**

TO: Chair Clippinger, Vice Chair Bartlett, and members of the Judiciary Committee
FROM: Richard Keith Kaplowitz

My name is Richard Kaplowitz. I am a resident of District 3, Frederick County. I am submitting this testimony in support with its amendments of crossover bill SB0828, Immigration Enforcement - Sensitive Locations - Guidelines and Policies (Protecting Sensitive Locations Act)

This bill passed the Senate with amendments 31-13 on 03/17/25, there was no cross-filed bill. Based on the reported deprivations and actions being taken by the Trump administration, many in contravention of judicial orders, this bill to protect residents of Maryland is crucial.

A core Jewish value for me is the commandment to care for the stranger which is mentioned more times than *any* other commandment in the Torah — more even than the command to love God (*v'ahavta*). According to the Talmud, Rabbi Eliezer the Great noted that "the Torah warns 36 times, and some say 46 times, not to oppress the stranger" (Babylonian Talmud, *Bava M'tzia* 59b). The decree is articulated in a number of ways: "You shall not wrong nor oppress the stranger, for you were strangers in the Land of Egypt" (Exodus 22:20). "The strangers who reside with you shall be to you as your citizens... for you were strangers in the land of Egypt" (Leviticus 19:34).¹

For over a decade, federal policy limited Immigration and Customs Enforcement (ICE) activities in sensitive locations—such as hospitals, schools, courthouses, and places of worship—to prevent intimidation and ensure access to essential services. However, as of January 20, 2025, the revocation of these protections has left immigrant communities vulnerable to enforcement actions in spaces where they should feel safe. Frederick County is facing an increased level of fear in our immigrant community due to the presence of the 287(g) program proudly promoted by our sheriff. That same sheriff and his department have been sued and lost multiple cases for their overzealous policing of our county's immigrant population.

This bill would require the Attorney General to develop guidelines for immigration enforcement at sensitive locations. Given the current environment, we need a bill to protect vulnerable individuals and communities by limiting immigration enforcement activities at locations such as schools, medical facilities, places of worship, childcare centers, and other locations designated by the Attorney General. This revised Federal policy shift has already created an environment of fear and uncertainty, discouraging individuals from seeking medical care, pursuing education, accessing legal resources, or engaging with law enforcement. As a result, our communities, public health, and overall safety are at risk.

As a member of multiple organizations supporting our immigrant communities regardless of their documentation status, this is an issue of concern to me and those organizations. Among the organizations I work with are Jews United for Justice (JUFJ), the ACLU, and the RISE Coalition of Western Maryland. These violations of the dignity and humanity of our immigrants goes against my faith and my personal commitment to those values. I stand with immigrant communities and support this vitally needed bill, the Protecting Sensitive Locations Act, because it will:

Protect Access to Essential Services: No one should have to choose between life-saving medical care and the risk of family separation. Children deserve to attend school without fear, and individuals must be able to seek justice in our courts without the threat of detention. **Enhance Public Safety:** When immigrants feel safe accessing services and reporting crimes, our entire community benefits. Fear of enforcement discourages individuals from cooperating with law enforcement, which in turn hampers public safety efforts. **Strengthen Community Trust:** By establishing clear boundaries for immigration enforcement, we foster trust between immigrant communities and the institutions meant to serve them. This trust is essential for maintaining a healthy, vibrant, and cohesive society. [We can **relieve some fears of** **DACA recipients** [who] are increasingly feeling more uncertainty as the fate of the immigration program protecting them from deportation continues to be [challenged in court](#) — at a time when President Donald Trump is pushing his administration to carry out “[the largest deportation program in American history](#).”² The government might pursue the deportation of DACA recipients through misuse of the database containing their information and attempt to take them into custody in locations formerly off limits to that ICE intervention.

I respectfully urge this committee to return a favorable report with its amendments on crossover bill SB0828.
