

Judiciary Committee
Senate Bill 828
FAVORABLE

Honorable Chair, Vice Chair, and Members of the Judiciary Committee;

Please give Senate Bill 828, the Protecting Sensitive Locations Act, a Favorable report.

While I would like for more locations to be included in this bill, any protections by the state are welcome. We should especially prevent abductions when we know that individuals will be denied their Fourth, Fifth, and Sixth Amendment rights, and may be sent to Guantanamo Bay or the prison in El Salvador that is known for many human rights violations - including torture. People shouldn't have to worry about being disappeared based on what country they were born in.

There are parents who are no longer sending their children to school out of fear that their kids will be kidnapped by the federal government. There are families that are being taken from hospitals when their children are in need of healthcare, or have just had surgery. Harming children because of their parents' actions is immoral, cruel, and abusive.

Please take a stand for justice, safety, and the Constitution by voting in favor of Senate Bill 828. Thank you for your consideration.

Sincerely,
Debi Jasen
