

Testimony For SB0307

Honorable Delegates

Pleased enter a favorable report for SB0307.

I support increasing the scholarship award for a student member of the Anne Arundel County Board of Education who completes a full term on the county board from \$8,000 to \$15,000.

With the cost of tuition increasing so fast the past several years, it makes sense to increase the scholarship.

Please enter a favorable report with amendment for SB0307.
