**2026 SESSION
POSITION PAPER**

BILL NO.: SB 326
TITLE: PAs – Parity With Other Health Care Practitioners
COMMITTEE: Finance
POSITION: Letter of Support

POSITION AND RATIONALE:

The Maryland Board of Physicians (the Board) is submitting this Letter of Support for Senate Bill (SB) 326, Physician Assistants – Parity With Other Health Care Practitioners

The purpose of Senate Bill 326 is to add physician assistants to the existing lists of practitioners who are allowed to perform certain acts, such as guardianship petitions, involuntary admissions, petitions for emergency evaluation, and prescribing emergency use epinephrine. The Board does not believe it is authorized to interpret laws that specifically refer to "physicians" as also including physician assistants. The Board believes that the prior exclusion of physician assistants from these articles of law was an oversight and should be corrected to include them. It is important to note that this bill does not alter current Board practices or operations. Therefore, the Board respectfully requests that the committee vote in favor of this bill.
