

Please **UNFAVORABLE SB775**
Public Safety – Gun Buyback Programs – Destruction of Firearms

This bill is scheduled to be heard on March 3rd in the Judicial Proceedings Committee.

Someone comes into a gun "buy back" with the below pistol and historical evidence that its authentic [Harriet Tubman's pistol]. It has to be destroyed, right? Its the law.

I like to give these bills my own name; in this case it would be the "Potentially Destroying Historical Artifacts Act." This bill embodies the worst of irrational fear and hatred for inanimate objects and the utterly harmless items that happen to be attached to them while attempting to hide behind "Public Safety." Absolutely no rational consideration should be given to this bill before some truly tragic historical loss occurs. Please make a statement for rationality and find this bill unfavorable.
