To: House Committee on Ways and Means

The members of the National Federation of the Blind of Maryland urge the House Ways and means Committee to give a favorable report to HB0319. This bill would repeal the termination date of certain provisions of law that authorize a county board of education to provide transportation to and from school for certain students using a vehicle other than a certain type of school vehicle under certain circumstances. This bill authorizes the continued use of alternative transportation for students, which benefits students with disabilities.

For this reason and others, we ask for a favorable report on HB0319. For questions, please contact me at President@nfbmd.org or at 443-426-4110.
