DEPARTMENT OF LABOR, LICENSING, AND REGULATION

Subtitle 10 RACING COMMISSION

09.10.02 Harness Racing

Authority: Business Regulation Article, §11-210, Annotated Code of Maryland

Notice of Proposed Action

□

The Maryland Racing Commission proposes to amend Regulation .19 under COMAR 09.10.02 Harness Racing.

This action was considered by the Maryland Racing Commission at a public meeting held on April 15, 2014, notice of which was given by publication in 41:6 Md. R. 407 (March 21, 2014), pursuant to State Government Article, §10-506(c), Annotated Code of Maryland.

Statement of Purpose

The purpose of this action is to allow the Maryland Racing Commission to issue multi-year licenses to standardbred owners, trainers, and drivers at the same annual cost as the current one-year licenses.

Comparison to Federal Standards

There is no corresponding federal standard to this proposed action.

Estimate of Economic Impact

The proposed action has no economic impact.

Economic Impact on Small Businesses

The proposed action has minimal or no economic impact on small businesses.

Impact on Individuals with Disabilities

The proposed action has no impact on individuals with disabilities.

Opportunity for Public Comment

Comments may be sent to J. Michael Hopkins, Executive Director, Maryland Racing Commission, 300 East Towsontown Boulevard, Towson, Md. 21286, or call 410-296-9682, or email to mike.hopkins@maryland.gov, or fax to 410-296-9687. Comments will be accepted through September 12, 2014. A public hearing has not been scheduled.

Open Meeting

Final action on the proposal will be considered by the Maryland Racing Commission

during a public meeting to be held on September 16, 2014 at 12:30 p.m., at Laurel Park, Laurel, Md. 20725.

Economic Impact Statement Part C

A. Fiscal Year in which regulations will become effective: FY 15

B. Does the budget for the fiscal year in which regulations become effective contain funds to implement the regulations?

Yes

C. If 'yes', state whether general, special (exact name), or federal funds will be used:

General

D. If 'no', identify the source(s) of funds necessary for implementation of these regulations:

E. If these regulations have no economic impact under Part A, indicate reason briefly:

There is no increase in the yearly cost of a license. The regulation simply allows for a multi-year license at the same annual cost.

F. If these regulations have minimal or no economic impact on small businesses under Part B, indicate the reason and attach small business worksheet.

There is no increase in the yearly cost of a license. The regulation simply allows for a multi-year license at the same annual cost.

G. Small Business Worksheet:

Impact Statement Part C — Legislative Information

Part C requests agencies to provide information required by the Department of Legislative Services in its report to the AELR Committee. Answer the questions in the space provided. Part C is not printed in the Maryland Register.

Small Business Analysis Worksheet

This worksheet is designed to assist the agency in determining if and how the proposal impacts small businesses. Quantify the number of affected small businesses and estimates of costs and benefits to small businesses if possible. State Government Article, §2-1505.2, includes the following definitions which are relevant to the analysis:

“Economic impact analysis” means an estimate of the cost or the economic benefit to small businesses that may be affected by a regulation proposed by an agency pursuant to Title 10, Subtitle 1 of this article.

“Small business” means a corporation, partnership, sole proprietorship, or other business entity, including its affiliates, that: (i) is independently owned and operated;

(ii) is not dominant in its field; and (iii) employs 50 or fewer full-time employees.

1a. Intended Beneficiaries. Who are the intended beneficiaries of the proposed regulation?

The intended beneficiaries of the proposed regulations are individuals who participate in standardbred racing.

Are these intended beneficiaries primarily households or businesses?

The intended beneficiaries are primarily businesses.

1b. Intended Beneficiaries: Households. If households are the primary intended beneficiaries, will the proposal affect their income or purchasing power such that the volume or patterns of their consumer spending will change? If so, what directions of change would you anticipate? Will these expected spending changes have a disproportionate impact on small businesses? Can you descriptively identify the industries or types of business activities that are impacted?

N/A.

1c. Intended Beneficiaries: Businesses. If businesses are the intended beneficiaries, identify the businesses by industry or by types of business activities.

Individuals who own, train or drive a standardbred horse.

How will businesses be impacted?

There will be no impact. They will have option of obtaining a multi-year license at the same annual cost as the existing one-year license.

Are these Maryland establishments' disproportionately small businesses?

Yes.

If so, how will these Maryland small businesses be affected?

N/A

Can you identify or estimate the present number of small businesses affected?

No.

Can you estimate the present total payroll or total employment of small businesses affected?

No.

2a. Other Direct or Indirect Impacts: Adverse. Businesses may not be the intended beneficiaries of the proposal. Instead, the proposal may direct or otherwise cause businesses to incur additional expenses of doing business in Maryland. Does this proposal require Maryland businesses to respond in such a fashion that they will incur additional work-time costs or monetary costs in order to comply?

Describe how Maryland establishments may be adversely affected.

Individuals who own, train or drive a standardbred horse will not be adversely affected by this proposal. Will Maryland small businesses bear a disproportionate financial burden or suffer consequences that affect their ability to compete?

No.

Can you estimate the possible number of Maryland small businesses adversely affected?

(Note that small business compliance costs in the area of regulation are the sum of out-of-pocket (cash) costs plus time costs — usually expressed as payroll, akin to calculations for legislative fiscal notes. Precise compliance costs may be difficult to estimate, but the general nature of procedures that businesses must accomplish to comply can be described.)

No.

2b. Other Direct or Indirect Impacts: Positive. Maryland businesses may positively benefit by means other than or in addition to changed consumer spending patterns. How may Maryland businesses be positively impacted by this initiative?

Individuals who own, train or drive standardbred horse will benefit by having the option of applying for a multi-year license.

Will Maryland small businesses share proportionately or disproportionately in these gains?

Unknown.

Can you estimate the possible number of Maryland small businesses positively affected?

No.

3. Long-Term Impacts. There are instances where the longer run economic impact effects from regulations differ significantly from immediate impact. For example, regulations may impose immediate burdens on Maryland small businesses to comply, but the overall restructuring of the industry as a consequence of monitoring and compliance may provide offsetting benefits to the affected small businesses in subsequent years. Can you identify any long run economic impact effects on Maryland small businesses that over time (a) may compound or further aggravate the initial economic impact described above, or (b) may mitigate or offset the initial economic impact described above?

No.

4. Estimates of Economic Impact. State Government Article, §2-1505.2 requires that an agency include estimates, as appropriate, directly relating to: (1) cost of providing goods and services; (2) effect on the work force; (3) effect on the cost of housing; (4) efficiency in production and marketing; (5) capital investment, taxation, competition, and economic development; and (6) consumer choice.
