2011 Vetoed House Bills and Messages

May 18, 2011

The Honorable Michael E. Busch
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 22 – *Courts – Attorneys – Subpoena Procedures and Forms of the Circuit Courts*.

House Bill 22, as originally introduced, required the courts to adopt uniform subpoena procedures and forms to be used in circuit courts throughout Maryland. The Maryland Judiciary objected to this measure as the requisite programming costs would have been a significant additional expense, at a time when the Judiciary is in the process of establishing a statewide case management system. Given the Judiciary's opposition to the uniform procedures, the bill was amended to allow attorneys, and other officers of the court, to obtain signed and sealed subpoenas and to photocopy those subpoenas and use the photocopies for service. The Maryland Judiciary opposed this amended version as well.

Pursuant to Rules 2-510(b) and 3-510(b) of the Maryland Rules of Practice and Procedure, courts clerks are required to issue blank, signed and sealed subpoenas to attorneys or other officers of the court upon request. The Rules in no way limit the number required to be issued. Attorneys may then fill in the information, regarding the witnesses or documentation to be produced under the court order, and deliver the subpoenas. This practice is designed to offer flexibility and convenience for attorneys, all of whom are subject to sanctions if the entrusted authority is abused. House Bill 22 would codify the current practice, required by the Rules, and additionally allow those subpoenas to be photocopied and issued.

The Maryland Judiciary has voiced strong opposition to House Bill 22 and Chief Judge Robert Bell has urged a veto. According to Chief Judge Bell, the current Rules were adopted after extensive hearings and careful deliberation by the Rules Committee. That Committee balanced attorney convenience with the risk of misuse and altered the blank subpoena rule from discretionary issuance to mandatory. House Bill 22 relaxes these carefully-constructed Rules, according to the Judiciary, and invites misuse of the legal process by removing the safeguard of the clerk and allowing access to court orders by anyone with a copier and a subpoena. These orders could be fraudulently issued for the production of witnesses or for otherwise private information. In requesting a veto of House Bill 22, Chief Judge Bell indicated that "if it goes into effect, the damage would be profound."

2011 Vetoed House Bills

While I am vetoing House Bill 22, I agree with the intent behind its original introduction. There should be uniformity in the circuit court subpoena process to ensure that all parties, and their attorneys, have access to due process of law. Moreover, given the Rules' statewide application and the cross-county practice of attorneys, all clerks should be operating under the same set of procedures for the issuance of blank subpoenas. As such, I would urge the Maryland Judiciary to continue to work towards a uniform process and to ensure that the current Rules, requiring the issuance of unlimited blank subpoenas, are being enforced.

For the above reasons, I have today vetoed House Bill 22.

Sincerely,

Governor

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 262 – *Frederick County – Nonprofit School Lease – Property Tax Credit*.

House Bill 262 requires Frederick County or a municipality in the county to grant a property tax credit for property leased to a nonprofit school and used exclusively for primary or secondary educational purposes. Furthermore, the bill requires the lessor of real property eligible for the property tax credit to reduce the amount of taxes for which a nonprofit school is contractually liable under the lease agreement by the amount of the property tax credit.

According to the sponsors, the bill was intended to exempt public charter schools in Frederick County from having to pay property taxes on property leased by a school from a private owner. Presently, the Monocacy Valley Montessori Public Charter School which is located in the City of Frederick would be eligible for the proposed property tax credit. As amended, however, the bill grants a property tax exemption to all private schools that lease property in Frederick County, not just charter schools.

The sponsors of House Bill 262 and the entire Frederick County Delegation have requested that I veto the legislation because the property tax exemption in the bill was not intended to cover all private schools. The Frederick County Board of Commissioners is also seeking a veto of the bill. The sponsors correctly point out that Senate Bill 609, which I will sign into law on May 19, 2011, exempts any portion of a building or property occupied and used by a public charter school from property taxes. According to the Attorney General's Office, this exemption would apply to the Monocacy Valley Montessori School and any new charter schools in Frederick County, so the exemption required under House Bill 262 is unnecessary.

Therefore, because the statewide property tax exemption contained in Senate Bill 609 meets the intended policy objectives of House Bill 262, I am hereby vetoing this legislation.

Sincerely,

Governor

2011 Vetoed House Bills

May 18, 2011

The Honorable Michael E. Busch
Speaker of the House
H-101 State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 1312 – *State Retirement and Pension System – Vested Retirement Allowance – Members and Former Members*.

House Bill 1312 prohibits a former member of a designated retirement and pension plan within the State Retirement and Pension System (SRPS) from receiving a retroactive vested benefit allowance if the member files for vested benefits after normal retirement age. A member must submit a written application to the SRPS Board of Trustees that states the date on which the member wants to begin receiving a vested allowance. Under the bill, any benefits that the member would have received from normal age of retirement to the time the member actually applies for benefits must be forfeited. The bill also clarifies that members and former members who receive a refund of accumulated contributions are not entitled to further benefits.

House Bill 1312 applies only prospectively and does not apply to any member or former member who, as of June 30, 2011, has separated from employment and has reached normal retirement age. All vested former members and active employees who leave service and have not yet reached normal retirement age, however, would be affected by the bill.

Under Current law, former vested members who apply for benefits after their normal retirement age are entitled to begin receiving their pensions and receive a lump-sum payment for past benefits not received. Active vested members who leave service upon reaching or exceeding their normal retirement age only receive pension benefits from the time of application forward.

House Bill 1312 was proposed by the State Retirement Agency to address problems associated with former members who are entitled to either a refund of member contributions or a vested benefit, but who have not claimed those benefits. According to the General Assembly's consulting actuary, there are approximately 4,236 vested former members in the State plans who have not claimed their vested benefit despite being older than their normal retirement age. The Retirement Agency is currently undertaking measures to contact these former members with some success.

While I understand the concerns raised by the State Retirement Agency, I believe this legislation unintentionally imposes a very harsh punishment on former teachers and State employees who do not file their application for benefits upon reaching normal retirement age. These former members will be required to forfeit pension benefits that

2011 Vetoed House Bills

they have earned through years of dedicated service and that consist in part of employee contributions. In some cases, former employees have forgotten they are entitled to a pension benefit because decades have passed since they left teaching or State service, or they are simply not aware of the age of retirement. In some cases, intervening health problems have contributed to their failure to apply for benefits. Lost benefits can range from several thousand dollars to tens of thousands of dollars. I am particularly concerned about the potential impact of lost benefits on seniors who are struggling on fixed incomes.

Another concern I have with House Bill 1312 is that there is no provision in the bill that allows former vested members to ask the SRPS Board of Trustees for a hardship waiver to allow a member to collect past benefits. As mentioned above, a member's impairment due to health reasons, such as dementia or Alzheimer's disease, may warrant such a waiver. Instead, members or their families would have to ask legislators to sponsor bills to grant statutory exemptions to the law. Finally, I am concerned that the proposed change in this legislation applies to both current and former employees who arguably have a contractually vested right to this pension benefit under State law.

House Bill 1312 was introduced late in Session and was not included in the package of bills that the State Retirement Agency submitted to the Joint Committee on Pensions. During the 2011 Interim, I encourage the Joint Committee to consider an equitable and more workable alternative to the one proposed in this legislation. I believe a better approach to ensuring that pension benefits are paid upon a member's age of retirement is for the State Retirement Agency to continue its aggressive practice of notifying former members to apply for benefits in a timely fashion.

For the above reasons, I have today vetoed House Bill 1312.

Sincerely,

Governor

House Bill 1312

System may receive a return of their accumulated contributions before payment of a certain vested allowance; providing that certain former members of the State Retirement and Pension System to whom certain accumulated contributions are returned are not entitled to any further benefits; providing for the application of this Act; and generally relating to members or former members of the State Retirement and Pension System receiving a vested retirement allowance.

The Honorable Michael E. Busch
Speaker of the House
H–101 State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 1343 – *Economic Development – Tri-County Council for Western Maryland – Membership and Leadership*.

This bill alters the membership of the Tri-County Council for Western Maryland and establishes an Executive Committee for the Council. This provides for the Executive Committee's officers and terms of office and defines "member county" and also provides for the initial membership of the Executive Committee.

Senate Bill 975, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 1343.

Sincerely,

Governor
