ZB02 LOCAL JAILS AND DETENTION CENTERS (Montgomery County)

(A) New Montgomery County Detention Center. Provide a grant to the County Executive and County Council of Montgomery County to continue design of a new detention center, subject to the requirement that the grantee provide an equal and matching fund for this purpose ..... 1,897,000

(4) An annual tax is imposed on all assessable property in the State in rate and amount sufficient to pay the principal of and interest on the bonds, as and when due and until paid in full. The principal shall be discharged within 15 years after the date of issue of the bonds.

(5) (a) Prior to the payment of any matching grant funds under the provisions of Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide and expend matching funds as specified. No part of a grantee’s matching fund may be provided, either directly or indirectly, from funds of the State, whether appropriated or unappropriated. Except as otherwise provided, no part of the fund may consist of real property, in kind contributions, or funds expended prior to the effective date of this Act. In case of any dispute as to what money or assets may qualify as matching funds, the Board of Public Works shall determine the matter, and the Board’s decision is final. Grantees have until June 1, 2026, to present evidence satisfactory to the Board of Public Works that the matching fund will be provided. If satisfactory evidence is presented, the Board shall certify this fact to the State Treasurer and the proceeds of the loan shall be expended for the purposes provided in this Act. If this evidence is not presented by June 1, 2026, the proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article.

(b) It is further provided that when an equal and matching fund is specified in Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide a matching fund equal to the lesser of (i) the authorized amount of the State grant or (ii) the amount of the matching fund certified by the Board of Public Works. If satisfactory evidence is presented, the Board shall certify this fact and the amount of the matching fund to the State Treasurer and the proceeds of the loan equal to the amount of the matching fund shall be expended for the purposes provided in this Act. If this evidence is not presented by June 1, 2026, the proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article. The proceeds of any amount of the loan in excess of the matching fund certified by the Board of Public Works shall also be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article.

(6) (a) Prior to approval by the Board of Public Works of an expenditure of bond proceeds authorized under Section 1(3) Items ZA00 through ZB02 of this Act, the grantee shall grant and convey to the Maryland Historical Trust a historic preservation easement on the property where the capital project assisted by the bond proceeds is located if the Director of the Trust determines that the capital project impacts real property that is individually listed in, or eligible for individual listing in, the Maryland Register of Historic

1 Properties, unless the Director of the Trust also determines that the real property:

2 (i) Is a type that is already adequately represented among the  
3 Trust's existing easement properties;

4 (ii) Is already subject to adequate protections of historic preservation  
5 law or instrument; or

6 (iii) Has conditions peculiar to it that make requiring an easement  
7 impractical.

8 (b) If the grantee holds a lease on the property, the Trust may accept an  
9 easement on the leasehold interest.

10 (c) The easement must be in form, substance, and duration acceptable to  
11 the Director of the Trust.

12 (d) (i) A recipient may administratively appeal to the Maryland  
13 Historical Trust Board of Trustees a determination made by the Director of the Trust under  
14 subparagraph (a) of this paragraph.

15 (ii) The decision made by the Maryland Historical Trust Board of  
16 Trustees on an appeal is final and is not subject to further administrative appeal or judicial  
17 review.

18 (7) The proceeds of the loan must be expended or encumbered by the Board of  
19 Public Works for the purposes provided in this Act no later than June 1, 2031. If any funds  
20 authorized by this Act remain unexpended or unencumbered after June 1, 2031, the amount  
21 of the unexpended or unencumbered authorization shall be canceled and be of no further  
22 force and effect. If bonds have been issued for the loan, the amount of unexpended or  
23 unencumbered bond proceeds shall be disposed of as provided in § 8-129 of the State  
24 Finance and Procurement Article.

25 (8) Multiple grants provided to the same organization in this Section are in  
26 addition to one another. Unless otherwise provided, any matching fund requirements apply  
27 to each individual grant.

28 (9) (a) Subject to subparagraphs (b) ~~and (c)~~ through (e) of this paragraph, the  
29 Board of Public Works may approve an appropriation in Section 1(3) Items ZA00 through  
30 ZB02 of this Act, notwithstanding ~~technical~~ differences in:

31 (i) The name of the grantee or the description of the project, provided  
32 that the proposed use of funds is consistent with the public purpose of the original  
33 appropriation; or

34 (ii) The location of the project.

1           (b) ~~The~~ When the difference in the name of the grantee is nonsubstantive  
2 and the identity of the grantee can be determined, and when the difference in the description  
3 of the project is nonsubstantive and is consistent with the public purpose of the original  
4 appropriation, the Department of General Services shall record the correct grantee  
5 identification and project description in the grant agreement entered into by the grantee  
6 with the State of Maryland and recorded with the Board of Public Works. In all other  
7 instances of differences provided in subparagraph (a) of this paragraph, the Department of  
8 Budget and Management shall notify the Office of Policy Analysis within the Department  
9 of Legislative Services in writing of:

10           (i) The ~~technical~~ differences between an appropriation in Section  
11 1(3) Items ZA00 through ZB02 of this Act and the proposed use of the funds; and

12           (ii) The justification that the proposed use of the funds is consistent  
13 with the public purpose of the appropriation.

14           (c) (i) The Office of Policy Analysis shall have 45 days to review and  
15 comment on the proposed use of the funds.

16           (ii) If the Office of Policy Analysis does not submit written objections  
17 within 45 days, the Department of Budget and Management shall provide certification in  
18 writing to the Board of Public Works that the proposed use of funds may be approved  
19 notwithstanding ~~technical~~ differences in the appropriation in Section 1(3) Items ZA00  
20 through ZB02 of this Act.

21           (d) It is the intent of the General Assembly that the provisions of this  
22 paragraph:

23           (i) provide an administrative process authorizing the approval of  
24 grants by the Board of Public Works, provided that the proposed use of funds is consistent  
25 with the public purpose of the original appropriation; and

26           (ii) be applicable to this Act and all prior Maryland Consolidated  
27 Capital Bond Loans.

28           (10) Notwithstanding § 8–122.1 of the State Finance and Procurement Article, the  
29 principal amount of any loan authorized under this Act shall be reduced by the cash  
30 proceeds, excluding any accrued interest, received for the State bonds and allocated by the  
31 Comptroller to the loan.

32           (11) Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement  
33 Article, the State Treasurer shall determine the amount of premium from the sale of bonds  
34 in fiscal year 2025 to be transferred to the Annuity Bond Fund. Upon each issuance of State  
35 bonds in fiscal year 2025, the Treasurer shall notify the Comptroller of the Treasurer's

1 determination and the Comptroller shall credit the premium accordingly. Premium from  
2 the sale of bonds in fiscal year 2025 that is not transferred to the Annuity Bond Fund may,  
3 upon approval of the Board of Public Works, be expended by the Comptroller for any of the  
4 public purposes set forth in Section 1(3) of this Act, including any applicable architects' and  
5 engineers' fees.
