11. Description and Purpose of Project (Limit length to visible area)

The Town of University Park seeks to renovate and expand the existing Town Hall. The current Town Hall facility is located in a renovated house within the Town. The Town has outgrown this facility to the extent that the Mayor and Council must meet in a nearby elementary school. Community organizations currently do not have a town owned place to meet. The Town plans to renovate and expand the existing town hall to meet the Town's foreseeable operational needs and provide space where the Town Council can meet as well as be suitable for community organizations, activities and gatherings. The funds received will be used for the design and construction of the new facility. The Town has completed a needs analysis and has received preliminary estimates for the renovation costs.

Round all amounts to the nearest \$1,000. The totals in Items 12 (Estimated Capital Costs) and 13 (Proposed Funding Sources) must match. The proposed funding sources must not include the value of real property unless an equivalent value is shown under Estimated Capital Costs.
