8-702.

(a) (1) The General Assembly finds and declares that agriculturally related nonpoint sources of water pollution may potentially contribute to the degradation of the water resources of this State and that prevention and control efforts have been hampered because of the cost and lack of income producing potential in many agricultural practices designed to protect water quality.

(2) To assist in the implementation of agricultural practices which minimize water pollution from erosion, animal wastes, nutrients, and agricultural chemicals **AND TO ADDRESS THE WATER POLLUTION IMPACTS OF AGRICULTURE**, a cost sharing program between the State and eligible applicants is established for the public benefit.

8-704.

(a) **(1) EXCEPT AS PROVIDED IN PARAGRAPH (2) OF THIS SUBSECTION**, State cost-sharing funds for a project being considered for State cost-sharing may be made available:

(2) CONSISTENT WITH THE REQUIREMENTS OF THIS SECTION, STATE COST-SHARING FUNDS MAY BE MADE AVAILABLE TO FUND THE WHOLE WATERSHED FUND ESTABLISHED UNDER § 8-2B-03 OF THE NATURAL RESOURCES ARTICLE.

(3) A reduction in State cost-sharing rates for riparian forest buffers, riparian herbaceous cover, wetland restoration, or pasture management may not be based on tons of soil saved or an amortization formula.

(4) State cost-sharing rates for pasture management shall be based on the applicable rate established by the U.S. Department of Agriculture's Environmental Quality Incentives Program.

(5) State cost-sharing rates paid for the planting of multiple species of cover crops shall equal or exceed the rates paid for the planting of a single species of cover crop.

(6) (i) 1. Except as authorized under subparagraph 2 of this subparagraph and before the Department of Agriculture executes a cost-sharing agreement with a farm tenant, it shall obtain the consent of the landlord to the terms and conditions of the agreement.

2. The Department may execute the agreement without the consent of the landlord if:

A. The agreement concerns a short-term project that involves only the planting of a cover crop; and

B. The Department has sent by first-class mail written notice of a cover crop project to the landlord at least 10 calendar days before executing the agreement for the first cover crop project during the term of the lease.

(ii) The Department may also require the granting to the State of an appropriate security interest in any equipment, structures or similar items purchased with State money.
