If at least two judges of opposite party affiliation are present: (1) they shall open the envelope containing the keys to each voting machine

1 all set at zero (000), whether the numbered seal on the operating leveris unbroken, and 2 that the number thereon is identical with the number certified on the envelope containing 3 the keys; (2) they shall also compare the number appearing on the dialsof the exposed counter designed to register every consecutive operation of the machinewith the reading thereof noted on the envelope containing the keys. If the machine is soconstructed as to 5 furnish a printed or photographic record of the setting of the vote-registering counters as they appear prior to the opening of the polls the counter compartment shall not be opened nor shall the counters be exposed to view and the printed or photographic record 9 shall be examined in the same manner as provided in this subsection forthe examination of counters to ascertain that all are set at zero (000). The judges shall also inspect the face of every machine to make sure the proper ballot labels are in proper places and that the 11 machine is otherwise ready for use; and (3) they shall inspect the paper roll for a label or line that has been signed by the voting machine custodian and indicates the date of the 13 election. If a label or line is not visible, one of the judges shall draw a line, from side to side, upon the paper roll and date it with the election date. All judges inspecting the machine shall place their initials on the line.

(c) If after such an inspection the judges shall find the machine tobe in proper order, they shall sign a certificate to that effect, which shall be returned to the board with 18 19 other equipment; and after signing such certificate they shall remove the metal seal on the operating lever at the time set for the opening of the polls, and said lever shall then 21 be operated only by duly qualified voters for the purpose of registering their respective 22 votes.

23 (d) The machine shall remain locked against voting until the polls are opened, 24 and shall not be operated except by voters in voting. Should it be necessary, in the opinion 25 of a custodian making a repair or adjustment to a machine in use while the polls are open, he shall be authorized to test vote the same provided such is accomplished in the presence 26 27 of two election judges, one from the majority party and one from the principal minority party. A written record of such test vote shall be made as set forth insubsection (e) of this section and otherwise in accordance with such regulations as a local board may prescribe.

30 (e) If any counter is found not to register zero (000), the judges shall immediately 31 notify the custodian, or the board who shall, if practicable, adjust or cause the counters to 32 be adjusted at zero (000); but if it shall be found impracticable for the custodian or other person authorized by the board to arrive in time so as to adjust such counter before the time set for opening the polls, the judges shall immediately make a written record of the 34 35 designation or designating letter or number of each counter, together with the numbers registered thereon, hereinbelow called the initial numbers, and shall sign and post the 37 same upon the wall of the polling place, where it shall remain until the polls are closed; 38 if the machine is so constructed as to furnish a printed or photographic record of the 39 setting of the counters and the numbers registered thereon by voting and if it shall be found impracticable for the custodian or other person authorized by theboard to arrive in 41 time so as to adjust such counter before the time set for opening the polls there shall be posted as above provided in lieu of the written record of the judges the printed or photographic record of the counter setting furnished by the machine. Infilling out the 44 return of the election, if the final number of such counter is greater than the initial number, the election officers shall subtract the initial number from the final number and 46 enter the difference on the returns as the vote for the candidate or onthe question

- 1 represented by such counter; if the final number of such counter is less than the initial
- 2 number, the judges shall add one thousand to the final number and shallsubtract the
- 3 initial number from the sum so ascertained, and shall enter upon the returns, as the vote
- 4 for the candidate or on the question represented by such counter the final number plus
- 5 one thousand less the initial number.
- 6 (f) The exterior of the voting machine, and every part of the polling place shall be
- 7 in plain view of the judges and watchers. Every voting machine shall belocated in the
- 8 polling place, in such a position that, unless its construction shall require otherwise, the
- 9 ballot can be seen plainly by the judges and watchers when the machine is not occupied by
- 10 a voter. The judges shall not themselves be, nor allow any other personto be, in any
- 11 position that will permit one to see or ascertain how a voter votes, orhow he has voted.
- 12 The said judges, or one of them, shall inspect the face of the machine at frequent
- 13 intervals, to see that the ballot labels are in their proper places, and that the machine has
- 14 not been damaged or tampered with.
- 15 (g) During an election, the door or other covering of the compartment containing
- 16 the counters of the machine, shall not be unlocked or opened, or the counters exposed,
- 17 except by the action of the proper custodian of voting machines for good and sufficient
- 18 reason, statement of which shall be made in writing and signed by him and attested by the
- 19 signatures of the judges, or except upon the written order of the boardfor good and
- 20 sufficient reason which shall be stated in the order. No repairs or adjustments shall be
- 21 made to any voting machine during an election unless made by a custodian or deputy
- 22 custodian, for good and sufficient reason and a complete statement shall be prepared for
- 23 each repair or adjustment made. Such statement shall contain information as to the
- 24 repairs made, the reason for the malfunction of the machine, the duration of the period
- 25 of time that the machine is out of order and shall be filed as a permanent record, the
- 26 original in the custody of the board, one copy to the custodian and one to one of the
- 27 attesting judges.
- 28 (h) In primary elections, before a voter is admitted to the voting machine, it shall
- 29 be adjusted by the judge in charge thereof, so that such voter shall only be able to vote for
- 30 the candidates or offices of that party with which he is affiliated.
- 31 (i) As used in this section and § 16-12 of this subtitle, the word "judges" shall
- 32 refer to a combination of judges which shall, at all times, include judges affiliated with the
- 33 majority party and the principal minority party.]
- 34 16-12.
- 35 (a) [With the aid of the diagrams authorized in § 16-10(c)(1) of this article and
- 36 the mechanically operated model, the judges, if requested by the voter, shall instruct each
- 37 such voter, before he enters the voting machine booth, regarding the operation of the
- 38 machine, and shall give the voter opportunity personally to operate themodel.
- 39 (b)] Any voter who requires assistance to vote by reason of blindness, disability, or
- 40 inability to read the English language or write may be given assistanceby a person of the
- 41 voter's choice, not to include the voter's employer or agent of that employer or officer or
- 42 agent of the voter's union.

	voter's choice, not to include the voter's employer or agent of that employer or officer or
	agent of the voter's union, or with two judges of opposite political parties. Then and there
	the person whom the voter has selected, or in case the voter has selected no one, one of
	said judges in the presence of the other, shall mark the ballot or operate the voting
	[machine] SYSTEM as such voter shall direct. The only assistance which it shall be lawful
	for said person or for the said judges to give the voter is to mark theballot or operate the
	voting [machine] SYSTEM, as the voter shall direct, without prompting or suggestion
16	from them, or either of them.
17	(2) If, however, any voter, after entering the voting [machine booth]
	STATION, shall ask for further instructions concerning the manner of voting, then two of
	the judges of opposite political parties shall give him such instructions, but no such judge
	shall, in any manner, request, or suggest, or seek to persuade or induce any such voter to
	vote any particular ticket, or for any particular candidate, or for or against any particular
	question. After giving such instructions, the judges shall retire, and the voter shall

6	[(a)] The judges, in the presence of any candidate, the duly accredited watchers,
7	and all other persons who may be lawfully within the polling place, shall [then proceed as
	follows to tabulate the votes cast[:] IN THE MANNER PRESCRIBED BY REGULATION
	BY THE STATE ADMINISTRATIVE BOARD OF ELECTION LAWS.
10	[(1) (i) On machines that do not furnish a printed or photographic record
11	of the setting of the counters and the numbers registered thereon by voting, the judges
12	shall make visible the registering counters, and, for that purpose, shall unlock and open
13	the doors or other covering concealing the same, giving full view of all of the counter
	numbers. The judges, under the scrutiny of the watchers, and in the order of the offices
	as their titles are arranged on the machine, shall read and announce, in distinct tones, the
	designation or designating number and letter of each counter for each candidate's name,
	the result as shown by the counter numbers, and/or the designation or designating
	numbers or letters on each counter, and the result as shown by the counter numbers for
	and against each question voted on.
20	(ii) The counters shall not be read consecutively along the party rows
21	or columns, but shall always be read along the office columns or rows, completing the
22	canvass on each machine for each office or question before proceeding to the next.
23	(iii) The vote as registered shall be entered by the judges, in ink, on
24	duplicate statement of votes cast, or return sheets, which, after the canvass is completed,
25	shall be signed by the judges.
_	
26	(iv) If more than one voting machine is used in any precinct, the votes
	registered on each machine shall be ascertained in like manner, and separately entered in
28	appropriate spaces on the duplicate statements of votes cast, or returnsheets.
30	
29 20	(v) The total vote cast for each candidate, and for and against each
	question, shall then be computed and entered on the duplicate statements of votes cast,
51	or return sheets.
32	(2) (i) In the case of all machines so constructed as to furnish a printed or
	photographic record of the total vote registered on the various counters, it shall not be
	required that the counter department be opened and the counters exposed to view but the
	printed or photographic record shall be considered as the official return sheets for that
	machine. In the case of such machines, immediately following the closing of the polls and
	after the last voter has voted the judges shall immediately lock and seal each machine as
	hereinbefore provided and shall then cause the machine to produce the printed or
	photographic records thereon and shall thereupon proceed as in the caseof ordinary
	voting machines, except to the extent to which the furnishing of the printed or
+1	photographic record makes such steps unnecessary.

1	(ii) In the event of a mechanical failure of the printing or photographic
2	mechanism in any machine equipped with such mechanism for recording thesetting of the
3	counters and the numbers registered thereon, the procedure to be followed from and
4	after such failure, whenever such failure occurs, shall be the same as in the case of
5	machines not equipped with such mechanism.
6	(3) If the label or line that was visible before the polls opened is now
7	invisible, one judge shall draw and date a new line on the paper roll and all judges
8	canvassing the machine shall initial the line. The paper roll shall be left intact in the
9	voting machine.
10	(b) (1) When the canvass of all voting machines in the polling placehas been
11	completed, the judges shall then prepare in ink, a general return sheet(sometimes called
12	a tally sheet) reporting the vote registered on each machine, the vote cast for each
13	candidate, the vote cast for and against each question, the number of voters who have
14	voted, as shown by the list of voters, and the number who have voted oneach machine, as
15	shown by the public counters, and also the number registered on the protective counter or
16	device on each machine immediately prior to the opening of the polls and immediately
17	after the closing thereof and the sealing of the machine. The number orother designation
18	of each machine used shall also be entered thereon, whereupon a general return sheet
19	(sometimes called a tally sheet) shall be signed by all of the judges.
20	(2) In the case of primary elections, separate sets of return sheets in
21	duplicate may be prepared for each party, or the tabulations for each party may be
22	entered on one set of return sheets, in duplicate, said choice of returns to be in the
23	discretion of the board.
24	(3) The registering counters of the voting machines shall remain exposed to
25	view until the said returns and all other reports have been fully completed.
26	
	the use of electronically tabulated punchcard ballots has been authorized by the State
	Administrative Board of Election Laws pursuant to § 16A-1 of this article, the
	proclamation of the result of the votes cast shall be announced distinctly and audibly by
	one of the judges, who shall read the names of each candidate, the designation or
	designating numbers and letters of his counters and the vote registeredon each counter,
32	and also the vote cast for and against each question submitted.
33	(2) During such proclamation ample opportunity shall be given to any
	person lawfully present to compare the results so announced with the counter dials of the
	machine, or the printed or photographic record thereof in the case of machines so
	constructed as to furnish a printed or photographic record of the setting of the counters
	and the numbers registered thereon by voting which have furnished the same, and any
	necessary corrections shall then and there be made by the judges, afterwhich the doors or
39	other cover of the voting machine shall be closed and locked.
40	
	decline to sign such return, he shall state his reason therefor in writing, and a copy
	thereof signed by himself shall be enclosed with such return. Each of the return sheets
	shall be enclosed in an envelope, along with a printed or photographic record of the
44	setting of the counter and the numbers registered thereon from each mechanical voting

	machine which furnishes printed or photographic records. The envelope shall then be sealed and each of the judges shall write his name across the fold of the envelope.
3	(1) One of the envelopes shall be directed to the clerk of the circuit court of the county; and
5	(2) One to the county commissioners or county council of the county or to
6	the Mayor of the City of Baltimore, as the case may be; and
7 8	(3) The envelope containing the general return sheet, or tally sheet, shall be directed to the board.
9	(e) The judges shall promptly deliver the keys of the voting machine, or of each
10	voting machine, as the case may be, enclosed in a sealed envelope, to the official
11	authorized by law to receive the same, if the construction of the voting machine shall
12	permit their separate return. Said envelope shall have endorsed thereona certification of
13	the election officers, stating the number of the machine, the precinct where it has been
14	used, the number on the seal, the number on the protective counter or device at the close
	of the polls and a statement that the certificate is correct in all respects.
16	(f) The judges of the several precincts shall, immediately upon completion of the
17	tabulation of the vote, report the unofficial result to the board and also the time when the
	tabulation of the vote was completed.
19	(g) Immediately after the vote has been ascertained, the statement thereof may be
20	posted on the door of the polling place.
21	(h) As soon as possible after the completion of the count, the boardshall have the
	voting machine properly boxed or securely covered and removed to a place of storage to
	be designated by the board.]
24	16-17.
25	After the proceedings [set forth in] REQUIRED UNDER § 16-16 of this article, two
26	of the judges, each representing a different political party, shall take into their possession
	[the registers, or the binder containing the registration cards for the precinct and shall
	take charge of the statements of the votes cast, sealed up in their envelopes as aforesaid,
	and the meeting of the judges shall then be dissolved. Thereupon, the judges shall
	forthwith or, at the discretion of the board, not later than twelve o'clock noon on the day
	following the election deliver the registers or the binder containing the registration cards
	to the board, and the statements to the respective officers to whom they are addressed as
	aforesaid, or to the duly designated agents of these officers, and shall take receipts
	therefor. No judge required to obtain a receipt as herein provided shall receive pay for his
	services unless he produces that receipt] ANY MATERIALS REQUIRED BY REGULATION
	TO BE RETURNED TO THE BOARD. THE STATE ADMINISTRATIVE BOARD OF
	ELECTION LAWS SHALL ADOPT REGULATIONS FOR THE HANDLING AND DELIVERY OF POLLING PLACE MATERIALS.
39	16B-2.
40	(b) (1) The State Board may not approve any voting system unless it meets the
	standards in subsection (a) of this section and the public interest will be served by
	approval of the system.

	(2) In determining if the voting system meets the required standards and would serve the public interest, the State Board shall consider, among other factors:
3	(i) The commercial availability of the system and its replacement parts and components;
5	(ii) The efficiency of the system;
6	(iii) The likelihood of mechanical breakdown;
7	(iv) The system's ease of understanding to the voter;
8	(v) The convenience of voting afforded by the system;
9	(vi) The timeliness of the tabulation and reporting of election returns;
10 11	(vii) The potential for an alternative means of verifying the tabulation; and
12	(viii) The cost of implementing the system.
15	(3) A voting system approved hereunder need not satisfy the requirements of §§ 14-1, 16-1(b), 16-3, 16-5, [16-11,] and 16-16 if the State Board finds that those requirements are inappropriate to the system under consideration and compliance therewith is not necessary to protect the rights of voters and candidates.
