HOUSE JOINT RESOLUTION

1 A House Joint Resolution concerning

2 **Task Force on Regional Development Tax Base Sharing**

3 FOR the purpose of requesting the Governor to establish a Task Force on Regional
4 Development Tax Base Sharing to study the feasibility and desirability of enacting
5 enabling legislation that would allow the creation of regional development tax base
6 sharing districts within the State; providing for the composition and staffing of the
7 Task Force; requiring a report to the Governor and the General Assembly by a
8 certain date; and generally providing for a Task Force on Regional Development
9 Tax Base Sharing.

10 WHEREAS, It is desirable to provide the means for local government to share in
11 the resources generated by regional growth, development, and redevelopment, without
12 diminishing any current revenue sources; and

13 WHEREAS, Most residents of Maryland live, work, and play within a
14 multijurisdictional region and do not confine daily activities to the county or municipality
15 where they reside; and

16 WHEREAS, Most businesses in Maryland distribute products, provide services, and
17 draw from a labor pool within a multijurisdictional region and do not confine business
18 activities to the county or municipality where they are located; and

19 WHEREAS, The uneven distribution of the property tax base in this State is due, in
20 large part, to the concentration of commercial and industrial development in certain
21 areas of this State; and

22 WHEREAS, Significant increases in revenue from property tax on commercial and
23 industrial property over total property tax revenues have been experienced by states and
24 municipalities which have established regional development revenue sharing districts; and

25 WHEREAS, New regional revenues can be made available to local governments
26 within and through the existing system of local decision making through tax base sharing;
27 and

28 WHEREAS, Tax base sharing would allow local governments to pool economic
29 development efforts so as to reduce the costs to the individual local governments and to
30 mitigate unproductive intraregional competition; and

HOUSE JOINT RESOLUTION 6

2

1 WHEREAS, Through tax base sharing, the fiscal benefits of business development
2 attracted by regional facilities can be spread to communities not selected to have those
3 facilities; and

4 WHEREAS, In addition to addressing fiscal issues, a system of tax base sharing also
5 can support regional planning objectives and promote regional practices that are both
6 reasonable and environmentally sound; now, therefore, be it
